1. The therapist(s) explained the treatment and goals in a manner that was understandable to me.

2. The therapist(s) had a kind and caring attitude

3. The therapist(s) was responsive to my needs

4. The quality of this therapy was satisfactory

5. Progress was made as a result of this therapy

6. The therapy resulted in an improved quality of life

7. Overall, the quality of therapy services received was satisfactory

8. I would use these therapy services again or recommend these services if someone I know needed care

Comments & Feedback

I appreciate and admire all the work of therapy here. Please keep up the good work. Remember we are all God's children and he has helped you all to take care of his Children. May God bless you all.

Several of those who work here have become dear to me during the three months I have been here- I will miss them SO much!

I feel we are very fortunate to have such a nice rehab in our town. The therapy was excellent and equipment very nice.

They were all friendly and helpful explained everything, great bunch, will recommend therapy to everyone.

My experiences were wonderful. I was a patient in 2013 and I felt they saved my life then and I feel the same again. Couldn't have made it without everyone!

My heartfelt thanks for what you all have done for me. I do not think I could have made it without your help.

I think they're doing a good job, all of them!

Thanks for concern!

Very good, I would come back if necessary

Cynthia, PT, did a great job! Roger, OT, also did a great job! Staff was excellent!

There were times that response time to the room was slow, but everyone had a good attitude except for some. Therapy employees were very kind. Thank you!

Very happy with therapy staff, satisfied with all therapists and they do a good job very satisfied with all (4) therapists.

Chelsea and Ray both were the best.

Always pleasant and friendly

Enjoy coming to rehab

Donnie was very caring and helped me with my pain.

I enjoyed visiting the PT Lab

Motive and contact with the therapist has been excellent and very incentive to me.

Abran was great. He helped me regain my mobility after a broken hip. The OT was very personable and patient with me. All of the OT/PT personnel were helpful and knew just how to keep me on the task and not take my mild mannered diversion tactics

The therapy team is certainly an asset to this facility. They all have a positive attitude, communicate well with the patients & their families. Each concern we've had has been answered in a timely manner.

Each and every one of you helped me so much, I wish I could say more than thank you, so - Thank You, Thank You, Thank You.

Everyone I worked with went beyond what I expected. Was really pleased with the progress I made would definitely use this facility again and already have and will recommended to others.

I can not thank Chris & Lori enough for their time & compassion when taking care of me therapy needs. They are exceptional people who truly have answered their calling. I would refer anyone I know to them. Thank you so much!

All the therapists were great, I couldn't ask for better

I love my therapy

The therapy department is the best!
